The information contained in this update is for information purposes only. The Fund is not making an offer to buy or sell or soliciting an offer to buy or sell any interests or securities or otherwise in the Fund. The information contained herein may not be used or relied upon in connection with any offer or sale of securities. Any offer will only be made through a confidential private placement memorandum and will be subject in all respects to the terms and conditions contained therein. References to indices are presented herein for comparative purposes only and should not be relied upon as an accurate means of evaluating the Fund or the Adviser's performance. The Fund is not benchmarked to any index, and the Fund will not invest in all or any significant position of the securities, industries, or strategies represented by such indices. The composition of any index will likely vary significantly from that of the Fund. For instance, the Fund may use short sales and invest in securities that have a greater degree of risk and volatility, as well as less liquidity, than those securities included in the indices. Moreover, the indices may not reflect the reinvestment of income or dividends and are not subject to any management fees or expenses that the Fund must pay. Information regarding indices is based on external sources, and no representations or warranties can be made regarding the accuracy of such information. S&P is a reference to the S&P 500, which includes 500 leading companies in various industries of the US economy. The S&P 500 is widely regarded as the best single gauge of the United States equity market. References to specific securities in this update are provided for informational purposes only and do not constitute a buy, sell, or hold recommendation for any security. Investments referenced within this update are pieces of a larger portfolio. It should not be assumed that any securities discussed herein were or will prove to be profitable, or that future investment recommendations or decisions will be profitable or will equal the investment performance of the securities discussed herein. Investors should consult with their investment and tax advisers to obtain investment advice and should not rely upon information contained herein.
